

Thick warm piano @ Narcissus, West London

414 B-ULS in omni over hammers - beware 1064 pres! Distortion etc
Mojaves out, quite narrow (later replaced with Coles, thicker and warmer compliment to 414 on hammers)
1064 pres - flat EQ, no comp

Pretty much 50/50 blend. Unity in tools.

Very full, nice panorama. Great sense of drama that just isn't there on either of the pairs alone.
